Contact: 0402 116 003 janickej77@gmail.com www.janickejohansen.com ABN: 93 646 042 214

Artist Statement

Janicke's art is interpretive and modern created from her imagination as well as time spent observing and interacting with the things she loves; nature and design. Her practice centres on playful experimentation with stencils, printmaking, dripping paint and multiple layers. Details come from fine tuning and blocking out areas in solid colours. Through this process a happy, colourful menagerie emerges.

Janicke also creates collages and sculptures using mostly recycled components such as plastic, tape, found objects and wire. Her sculptures use these elements as the core of the piece with a papier mache and plaster covering, while the collages are simple constructions of colour, texture and shape from painting off cuts & plain paper.
